

The Neighbourhood Development Plan

The Neighbourhood Development Plan committee were pleased to be able to update the Nash Parish Council on the state of the plan at the PC AGM on May 17th.

The plan has now gone through a phase termed "Screening" where the three statutory consultees – The Environment Agency, Historic England and Natural England gave their opinion. A 28 day consultation period took place 05 March 2018 to 13 April 2018. The three statutory consultees were in agreement with the screening opinion outcome that a "Strategic Environmental Assessment" would not be required and were all happy to pass our NDP to the next stage.

The next legally-required stage ("Pre-submission") is to send the plan out to a far wider set of people of interest. AVDC will advise us on the format this should take and provide us with a core list of people to contact. Nash PC will be included on this list. Prior to that the NDP will be updated again, to take account of continuing comments from interested parties.

Des Hickey
Chair of Nash NDP
